# Meeting Notice

The next regular AARC meeting will be held on Tuesday, February 9 at 7:30 PM at the Astronomy Building on the UVA campus. The program will be simply to chow down, have fun and have pleasant eyeball QSO's with your fellow club members. See you there!!

## Dues are Due for 2005!

It's that time again, "2005 Dues." Members are reminded that dues should be paid as soon as possible for 2005. This year as in last year all payments must be accompanied by an application. Life and Youth members, while they are not required to pay annual dues should submit an application as well. This year all payments will go through the Secretary (Marty AG4DN). There has been no increase in dues. Family Membership \$25, Single Membership \$20, Life and Youth Memberships, no cost. Payments can be given directly to Marty at the club meeting or mailed to the AARC, Post Office Box 6833, Charlottesville, VA 22906. Applications can be down loaded from the club web site. Marty will have a limited number with him at the club meeting. Payments are requested in personal check or money order. Your

# The President's Letter

Jay, K4AZV

Hello and welcome to another edition of the Beacon. Thanks to everyone who attended the annual dinner. It was a great success. I hope everyone enjoyed the evening's presentations as much as I did. I plan to use the historical content and some photographs from the presentation to create public presentation materials. I'll have more to say on that in a bit.

#### January 2005

Regarding propagation during the past month, we heard fairly decent signals through the 15-meter band. Of particular interest were contacts made with operators in McMurdo Sound Antarctica, Swaziland, Sao Tome, Easter Island, Guantanamo Bay, Belgrade, Kuwait and Namibia. There was a fat 6-meter opening on December 29<sup>th</sup>. I also got the chance to congratulate a stroke AE on the air. The fourth weekend in January brought the ARRL VHF Sweepstakes contest. Conditions for E skip were poor. We did make a few 6-meter contacts but didn't hear much activity. It was good to hear some of our fellow club members working the contest. On Sunday January 16<sup>th</sup>, the sun spewed its guts which drastically affected our ability to communicate mobile on the way back from California.

I feel the need to clear up a misconception that I may have initiated. There has been some concern expressed to me about our plan to downplay the importance of attracting the public to our club's Field Day. Let me explain.

Historically, Field Day was created as an emergency drill, not to get new members into the hobby. From what I have seen in my relatively short involvement with the club, if generating public interest and attracting new hams has been the goal, then that goal has not been met. In fact from that perspective, in recent years it has failed miserably. I do not want to downplay the enormous amount of work that it has taken to publicize Field Day. It is my hope that club members will continue to utilize Field Day as a time for displaying all of the diversity that the hobby and the club should be known for.

My plan is to have Field Day at different locations, to test these locations as actual emergency operating sites. Contesting as a group, I feel is one of the great rewards of our hobby and an excellent way to train at radio utilizing teamwork. This does not mean that the public would be excluded from Field Day, guite the contrary. There will be lots of new presentation materials created specifically with the intent to bring awareness to and attract new people to our hobby/service. These presentation materials will be geared towards two different age groups, namely upper elementary / middle school / scout aged youth and the other set for adults. Field Day will again be publicized well, if not even better than before. Keeping Field Day mobile, having many new presentation materials and more media exposure will inevitably heighten the public's awareness of Field Day.

It would be wise to conduct at least one public awareness event per year, not including events that

we are already involved in. This event would take place in a public location and would be specifically designed for the sole purpose of raising awareness of amateur radio in the public eye and attracting new members. If you have any materials to share that you feel would be of benefit to a presentation package, please bring it/them to the February meeting or get in touch with me by phone.

The club needs a few new liaisons to work with chair people already in place. We need one person who will have the role of appealing to younger age people that we are trying to attract. This person will be working with Tom Rae. The other liaison will work with Ernie Sardi to seek out new media organizations for increased exposure. There will be more about this in March.

On our latest trip to California, we came across the ham shack belonging to a small radio club in the high desert. There were eight towers standing proud. The amount of aluminum in the air and the sight of this radio shack were overwhelming to me. When I went to knock on the door, I found a very large bright red doormat with a big fat W6BA in black letters. Unfortunately there was no one "at home". Do you see a little frothing saliva at the corner of my mouth? I thought so. Remember, the only constant thing in this world is change.

See you next month!

73 -- Jay

# Veep Peeps

John, KI4DJT

Dear Friends, I'm a new ham, struggling to pass the code requirement, just beginning my electronic experiments, trying very hard not to burn the barn down and having a ball. I failed to have an article ready for the January Beacon not realizing it was one of my responsibilities but I'll try not to let it happen in the future. As you can see I have a lot to learn about our club as well as our hobby. The only thing I can say is if anyone of the brilliant electronic engineers, teachers or other just plain good managers in the club would have volunteered to be the VP you guys wouldn't be stuck with me for 2005.

It was very nice to be at the Club dinner and eat with friends and meet some of the founding fathers of the club. It is also very good to have the support of so many of the friends offering to give presentations for the meetings just in case we get in a bind. We have such a great club with many so members giving lots of their time and energy to support the Emergency Net, public events, the repeater, emergencies in the community and just being Elmers. I'm honored to be a part of AARC and will try to be a good VP and all around menace.

I'm still trying to get a confirmation from WG4T for the February presentation for a discussion on generators and we'll be having our own K4BDR in March for a presentation and demonstration on slow scan; both should be fun and interesting. If anyone would like to make a presentation at one of the meetings this year please let me know and we'll get it scheduled.

Thanks and take care.

73, John, KI4DJT

### The 2005 AARC Winter Dinner

Tnx to Marty, AG4DN

The AARC Annual Dinner was held at the Ponderosa Steak House at Pantops on January 9, 2005. This event brings together Amateurs, their families and friends. This year the event was very well attended with over fifty participants.

The theme of this year's dinner was recognition of the original founders of the club. In attendance were the first club President Bob Van Fossen, K4DGJ and his lovely wife Laura W4OFR, first Secretary Dick Florence K4VY and his lovely wife Anna and the first Treasurer Frank Haynes W4NUA.

After dinner each was introduced and asked to relay "tales" of the club in years gone by. Needless to say the experiences they relayed were amusing, interesting and informative. The "tales" indicated the equipment in use in the 1960's and the various but amusing trials these club "founding fathers" experienced as they got the club off the ground. The membership appreciates meeting these gentlemen and listened very intently to what was said. The AARC thanks them and their wives for the time and effort in coming to this event.

Our President for 2005 Jay K4AZV introduced himself to those in attendance that had not met him prior to the dinner. He outlined his broad objectives for the AARC for the current year. He indicated a busy and enjoyable year's activities.

Dave K4DND presented recognition awards to those participating in the Northern Piedmont Emergency Net for the year 2004. There were numerous club members that had a participation rate near 90%. This net is a weekly event. The numbers of individuals with high participation records indicate a strong support for this club activity.

Dave then presented Virginia RACES Certificates of Appreciation to a number of club members. These were presented from the State Emergency Radio Officer for the support they provided Local Emergency Management Agencies throughout the Hurricane Isabel Level I Activation, September 18-27, 2003.

The club wants to express its thanks to our new VEEP John KI4DJT for arranging this very successful event.

This brought the evening's event to a close. The next club meeting will be on February 8, 2005.

Marty Mait AG4DN, Secretary

#### Estate Sale Items

Tnx Ron, K4RKA

The following items are offered for sale from the estate of Bob, WB2MVA. If interested, please contact K4RKA, Ron Richey at 434-973-3640 evenings and weekends.

# FARS Scholarships for 2005

Tnx to Marty, AG4DN

The **FOUNDATION FOR AMATEUR RADIO, INC.**, a non-profit organization with headquarters in Washington, D.C., plans to administer fifty-five (55) scholarships for the academic year 2005 - 2006 to assist licensed Radio Amateurs. The Foundation, composed of over seventy-five local area Amateur Radio Clubs, fully funds three of these scholarships. Ten are funded with the income from grants. The remaining forty-two (42) are administered by the Foundation without cost to the various donors.

Licensed Radio Amateurs may compete for these awards if they plan to pursue a full-time course of studies beyond high school and are enrolled in or have been accepted for enrollment at an accredited university, college or technical school. The awards range from \$500 to \$2500 with preference given in some cases to residents of specified geographical areas or the pursuit of certain study programs. Clubs, especially those in **Delaware**, **Florida**, **Maryland**, **Ohio**, **Pennsylvania**, **Texas**, **Virginia** and **Wisconsin**, are encouraged to announce these opportunities at their meetings, in their club newsletters, during training classes, on their nets and on their World Wide Web home pages.

Additional information and an application form may be requested by letter or QSL card, postmarked prior to April 30, 2005 from:

**FAR Scholarships** 

Post Office Box 831

Riverdale, MD 20738

The Foundation for Amateur Radio, incorporated in the District of Columbia, is an exempt organization under Section 501(C)(3) of the Internal Revenue Code of 1954. It is devoted exclusively to promoting the interests of Amateur Radio and those scientific, literary and educational pursuits that advance the purposes of the Amateur Radio Service.

# Northern Piedmont Emergency Net Year-End Report for 2004

Dave, K4DND

Thanks to all stations for participating in the Northern Piedmont Emergency Net this past year.

For 2004 we have records from 52 net sessions. There were a total of 98 call signs represented (up 10 from 2003), with an average number of 19.0 check-ins for each session (down from last year's 20.2). It is interesting that the number of individual call signs is up, but shame on us for the drop in the average number of stations checking in per session.

The following table lists the 98 stations, in order of frequency both by the number of checkins and the percentage that number represents of the total sessions. The table has been divided into five categories on an entirely arbitrary basis.

Thanks also to the following stations who acted as NCS during the year: W2PVY, KF4ZGD and K4UL.

| NAME   CALL SIGN   CHECK-   PERCENTAGE   NS                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  | Beacon |
