## The President's Letter

Dave, K4DND

Greetings everyone, I trust that by the time you read this issue of the Beacon most of the snow will be gone. Ah well, one can always live in hope. Speaking of the Beacon, this will be the first issue in over 10 years that Bob W4RQ has not put together for us. So any errors, omissions and other flubs are my responsibility alone. I think I have everything correct but it could all go to pot at the 11<sup>th</sup> hour. Bob spent a great deal of time and effort coming up with a Word document template and so for the most part, it is merely a case of copy and paste. If anyone is interested in taking over this important AARC function, please let me know. I will be available to work with you in making the transition, and I am sure that we can get consults from Bob. The only requirements are high speed internet access and some familiarity with Microsoft Word.

It is such a pleasure to report to you, that as of the time I am writing this, the AARC membership stands at 109. I don't believe that the AARC has ever had a comparable membership number so early in the year. Thanks to everyone for getting your renewal in so promptly. The push has been to get everyone renewed so that Jim K4JEC could go ahead with printing the next directory. The 2010 AARC Membership Directory will be available for pickup at the March meeting, just another reason to attend. The program should be a lot of fun, having a chance to get your hands on a wide variety of handheld radios will be interesting to say the least. Thanks to Dennis K4THE for putting this program together.

The March meeting will not be held in the NRAO Auditorium, rather in the smaller conference room next door. The auditorium will be set up for an NRAO meeting and is therefore off limits to us that evening. So please don't go into the auditorium when you get there.

I was very disappointed to say the least, that the weather was so difficult at the time of FrostFest. I am now storing a large pile of boxes in my living room. These are full of treasures that I intended to get sell in Richmond. Oh well, maybe next year. The two downsides to not having FrostFest go as planned were 1.) the AARC lost the table reservation money we had paid, but which I consider as a donation to RATS, and 2.) what was potentially more

## Meeting Notice

The next AARC meeting will be held on **March 9 at 7:30 PM at the NRAO Building on the UVA Grounds. The program will be a "Hands-on with Handhelds"!**

Be sure to attend and bring an HT!

catastrophic, we risked losing the potential free advertising for the Cruise-In. Fortunately for the AARC, Chris KG4AZN was able to get there and delivered the flyer copies for us. I am planning on stopping by the Vienna Winterfest, as is Skip WD4LT, and we both have copies of the flyer to distribute there.

Jim K4JEC and his committee are progressing well with Cruise-In planning, having just had the second well-attended meeting. Tasks have been discussed, responsibilities assigned and because of the extent and diversity of participation, many excellent ideas are being incorporated.

As many of you may know already, the election results for Section Manger of the Virginia Section have been tallied, and Carl Clements W4CAC was decisively reelected for another 2 year term. I just received an email from Carl, and he is planning on both attending the Cruise-In, as well as acting as one of our judges, so it will be a great opportunity for those of you who haven't, to meet him, and a good opportunity to discuss any concerns you have regarding the Virginia Section. Joe K4JJS the current Section Emergency Coordinator, has agreed to stay on for the next term and so I don't expect to see many changes on the ARES side of the Section.

Everyone mark your calendars, March 27 is the first Public Service event of 2010, the Bel Monte Endurance Run, followed on March 28 by the second Public Service Event of 2010. This is the 20<sup>th</sup> year of the Jefferson Cup Bike Races, each of which has been supported by the AARC. This event requires the participation of many amateurs and if you are not available for the entire day, you can help out in either the morning or the afternoon races. The course will be the same as last year, the "Kluge Loop" just east of Carter's Bridge. So check you calendars and see if you are available on either the 27<sup>th</sup> or 29<sup>th</sup> or perhaps both.

A final reminder, don't forget that the AARC Board of Directors meetings now start at 7PM with the general meeting following at 7:30PM. I hope to see many of you there.

## Veep Peeps

*Jim, K4JEC*

I missed seeing everyone in February due to our meeting being cancelled because of the weather. I am looking forward to the first business meeting of the year on March 9. I am looking forward to the Handheld Radio workshop/roundtable. It will be fun and informative. I want to thank Dennis – K4THE for the work he has put into this program. You can thank him by showing up with your handheld in hand.

Plans for the Cruise-In are developing nicely and the word is getting out to the ham community in Virginia. We had flyers distributed at the Richmond Frost Fest

delivered by Chris – KG4AZN who went to take the Extra Exam. He passed and congratulations are in order. The Cruise-In has been featured on the home page of the Virginia ARES/RACES website for several weeks now and we have it featured on our website with an online registration form thanks to Kenneth – KJ4KIH. Flyers were emailed to all the clubs in Virginia that have email addresses and snail mailed to those that don't. I have announced it twice during the Virginia Fone Nets. If you have an opportunity to do so on any nets in which you participate, it would be appreciated. Every little bit helps.

If you plan to be at the Cruise-In in any capacity – worker or just as a participant – please go to the club website and register so we will have a head count for planning purposes. You don't need a mobile radio station in your vehicle to register. We just need a body count.

If you check the Awards List in the minutes, you will find how much club members participated in club activities last year. The success of a club can be predicted and measured by the level of participation from its members. We have a fantastic club when measured against other clubs in Virginia and it is a real honor to serve as your vice president because of the level of participation of this club. I am so proud of our club it is all I can talk about when visiting other clubs around the state.

Speaking of visiting and talking; I just discovered Skype – the international communications system featuring audio and video. I have had it on my computer for some time but never opened or tried it. I opened it and set it up to run on my computer in the office/ham shack. Harry – W2HD had mentioned it a number of times in his 2-mtr discussions so I looked him up and called. He helped me get it up and running. Pat and I had a very meaningful visit with Harry and it was just like sitting in his office face-to-face. My interest in particular is to communicate with my children around the country but I am happy to hear from any of my ham friends as well. My Skype name is jamesecrosby. If you catch me online, give me a call.

One last thought: I really need your help in scheduling programs to keep our meetings exciting, interesting and enlightening. Please help me out by suggesting program ideas with these guidelines in mind. Our programs must be non-political, non-controversial and directly related to ham radio activities. Of particular interest are new ham software/programs, new equipment, how to do it programs and training programs. With this in mind, please help me out and let me hear from you

Grab a friend, associate or spouse and bring them along – visitors and guests are always welcome and encouraged.

## Club Business

Minutes of February 9, 2010

Submitted by Patsy – K4PMC – Secretary

## March 2010

President Dave canceled the Board and Membership Meetings due to hazardous weather conditions and therefore no business was conducted.

The Awards presented during the January Awards Dinner are submitted as a report and attachment to the February minutes to commit them to record.

Here is the list of certificates presented to those present at the January Annual Awards Dinner. Recipients not present received their certificates by mail.

### Board and Club Certificates of Appreciation

1. Harry W2HD Monday Night Info Net
2. Joe W2PVY Monday Night Info Net
3. Bob K4DU Trustee
4. Greg N4PGS Board Service
5. Dennis K4THE Board Service
6. Linda KI5LLB Board Service
7. Patsy K4PMC Board Service
8. Don N4UVA Board Service
9. Alan K9MBQ Secretary Service
10. Jim K4JEC VP
11. Ron K4RKA SERA Rep
12. Marge Thomas Local EM
13. Bob K4AQD Asst EM
14. Tom Hanson Exec Dir 911

### NPEN Participation Certificates showing percentage of check-ins.

1. Joe W2PVY 95.8%
2. Jerome KI4DLA 91.7%
3. Harry W2HD 91.7%
4. Jim K4JEC 89.6%
5. Patsy K4PMC 87.5%
6. Vic N3DFS 83.3%
7. Stan K2SSB 70.8%
8. Kenneth KJ4KIH 50.0%
9. Jim K4BAV 45.8%
10. Bob AA3BM 43.8%
11. Don KE4DDR 43.8%
12. Ron K4RKA 43.8%

### Other Certificates of Recognition

1. Jim K4CGY Skywarn
2. Jim K4CGY Field Day
3. Bill NOWP Field Day
4. Jim K4JEC Skywarn
5. Kenneth KJ4KIH Web
6. Bob W4RQ Beacon
7. Jim K4JEC HOTY

### Public Service Certificates acknowledging total points earned

1. Jim K4BAV 10
2. Bruce AB3BB 10
3. Jim K4CGY 10
4. Don KE4DDR20

5. John KI4DJT 25
6. Dale KD4EAP 30
7. Gordon WW4GW 10
8. Lee K4ISW 10

21. Elmer KF4UCI 50
22. Jon KJ4RPW 40
23. Don N4UVA 5
24. Wes K4WLE 40
25. Bill NOWP 10
26. Ken KJ4HOE 5

*Patsy Crosby – K4PMC, Secretary*

## AARC Club Committees

If you are not yet affiliated with one of the six standing committees of the AARC, take a look at the following and see which one best matches your personal interests.

### Section 1: Technical Committee

A Technical Committee composed of a Chairperson, a Director, the Trustee and at least two other members shall be appointed by the Board at the January Board meeting. It shall be the duty of this committee to oversee and maintain all Club equipment, including any radio stations licensed in the Club's name. This committee will maintain an up-to-date inventory of all club radios, repeaters, antennas, test equipment and other electronic devices and related items (except Field Day equipment). A copy of this inventory will be provided to the Secretary at the October Annual Meeting each year. The committee's written report shall be submitted to the Club for its approval at the Annual Meeting in October.

### Section 2: Fund Raising Committee

A Fund Raising Committee composed of a Chairperson, the Treasurer, and at least two other members shall be appointed by the Board at the January Board meeting. It shall be the duty of this committee to organize fund-raising events and perform any other fund-raising activities as directed by the Club. This committee will maintain an up-to-date inventory of all items held for fund raising. A copy of this inventory will be provided to the Secretary at the October Annual Meeting each year. The committee's written report shall be submitted to the Club for its approval at its Annual Meeting in October.

### Section 3: Education Committee

An Education Committee composed of a Chairperson, a Director, and at least two other members shall be appointed by the Board at the January Board meeting. This committee shall be responsible for organizing Amateur Radio classes, fostering the further education of Club members and performing any other educational duties as directed by the Club. This committee will maintain an up-to-date inventory of all items held for education and training. A copy of this inventory will be provided to the Secretary at the October Annual Meeting each year. The committee's written report shall be submitted to the Club for its approval at its regular meeting in October.

### Section 4: Public Relations Committee

A Public Relations Committee composed of a Chairperson, a Director, and at least two other members shall be appointed by the Board at the January Board meeting. This committee is responsible for Public Relations and releases pertaining hereto. It shall be the duty of this committee to publish a Club newsletter, a Club directory and assist any other Club officer or committee in the preparation and publishing of Club publications. This committee will maintain an up-to-date inventory of all items held for public relations. A copy of this inventory will be provided to the Secretary at the October Annual Meeting each year. The committee's written report shall be submitted to the Club for its approval at its Annual Meeting in October.

### Section 5: Public Service Committee

A Public Service Committee composed of a Chairperson, a Director, and at least two other members shall be appointed by the Board at the January Board meeting. This committee shall be responsible for organizing volunteers for Public Service events, acting as a liaison with ARES and RACES organizations and performing any other duties as directed by the Club. This committee will maintain an up-to-date inventory of all items held for activities, including such things as Field Day antennas and supplies, banners, tents, shelters, etc. A copy of this inventory will be provided to the Secretary at the October Annual Meeting each year. The committee's written report shall be submitted to the Club for its approval at its Annual Meeting in October.

### Section 6: Estate Committee

An Estate Committee composed of a Chairperson, a Director, the AARC Treasurer and at least two other members shall be appointed by the Board at the January meeting. This Committee shall act upon notification that an AARC member or local area non-member amateur becomes deceased (Silent Key). The charge to the committee is to assist the family of the Silent Key (with permission of the family or estate executor) in disposing of any amateur radio or related equipment to the best benefit of the family of the Silent Key. If the activity is undertaken by the Estate Committee, a complete inventory of such equipment should be made, with fair current market values assigned, and a subsequent full accounting made to the family or estate, following any action

taken with respect to disposal of the inventory. This committee will maintain an up-to-date inventory of all items received and being held for later transfer to the Fund Raising Committee. A copy of this inventory will be provided to the Secretary at the October Annual Meeting each year. The Committee's written report of yearly activity shall be submitted to the Club for its approval at the Annual Meeting in October of each year.

## Newly Licensed CERT Members

*From Dave K4DND*

Saturday, February 13, Bill Phillips AD6JV, assisted by Jim Wilson K4BAV, met in a second session with newly licensed CERT members for a little more theory and a lot of practical hands on time. That meant getting each CERT member on the air to make a contact with Harry W2HD, who had a number of new callsigns to put in his log.

**1 Bill AD6JV demos for John KJ4RPP**

**2 Dave Booth KJ4RPV talks to W2HD**

**3 Dawn KJ4RPT gets a QSO with W2HD**

**4 Now Gene KJ4RPR gets a turn**

Bill, we appreciate the time and effort you put into this continuing education event for recent licensees. I am sure that they got a lot out of the two sessions by getting this "leg-up". Thanks also to Marge Thomas, Emergency Management Coordinator at the local 911 Center for making the facility available, and thanks to Jim K4BAV for providing the pictures.

Philco-37-620 console. Carter, WD4AYS, 434-566-8767, celllott14@aol.com

**FOR SALE:** ESTATE OF CASIMIR (CASEY) NORRISEY, K4MTX - - - updated 9/14/09  
Contact Mary Ellen Norrisey Hodges at ME.Hodges@cox.net.

1. Heathkit HW-101 SSB Transceiver with Shure Microphone (\$110)
2. Heathkit Visual-Aural Signal Tracer (\$25)
3. Hallicrafters Sky Buddy Receiver Model S-19R (\$75)
4. Standard Electrical Product Co., Adjust-a-Volt (best offer)
5. RCA Senior VoltOhmyst (parts only, meter still good, can't calib. best offer)
6. VANCO CB SWR (SWR-6) Watt Meter (best offer)
7. Homemade antenna tuner

**FOR SALE:** Hygain TH6-DX TriBand 10-15-20 meter Beam--  
-Good Condition but needs clean-up, new trap end caps (new kit included), new SS element clamps, and new bolts for element to boom mounts. Will need to purchase new boom to mast clamp for about \$40.00 from Hygain.  
\$155.00 Jim K4CGY 434-296-3044. 8/28/09

## ARRL Propagation de K7RA

ARRL Propagation Bulletin ARLP007

We've now observed sunspots continuously for the past 30 days, certainly a turnaround from the quiet conditions of the past few years. In fact, in ten weeks we have seen only three days with no sunspots, on December 25, January 6 and January 19. This is a little over 4% no-sunspot days, a nice contrast with all of 2009, with over 71% days with no sunspots.

Sunspot group 1049 emerged on Wednesday, and it is growing.

The minimum non-zero sunspot number is 11. This is because the numbers are derived from the number of sunspot groups, plus areas inside the groups. Each group counts for 10, so the minimum sunspot number is 11, and the minimum sunspot number for at least two sunspot groups is 22.

In 2009 only 87 days (23.8%) had sunspot numbers greater than 11, and 21 of those days were in December. Only 43 days (11.8%) had a sunspot number greater than 15 (14 of those in December), and only 26 days in 2009 had a sunspot number of 23 or more (none had 22).

Since the first of the year, average weekly sunspot numbers were 14.6, 26.4, 18.6, 28, 14.6, 43.3, and 38.7.

## Contest Highlights - Upcoming

### ARRL-Sponsored Contests

March 7-8	<b>ARRL DX Phone Contest</b>
-----------	------------------------------

## ARRL VA Section Manager Election Results

In the only Section Manager race this winter, Carl Clements, W4CAC, was re-elected as the ARRL Virginia Section Manager. He received 855 votes; his opponent, Glen Sage, W4GHS, received 511 votes. Election ballots were counted at ARRL Headquarters. Clements, of Portsmouth, starts his new two year term of office on April 1, 2010.
