2. Welcoming Statement & Announcements

Welcome to the AARC Quarterly Board Meeting

Quick meeting tonight, most everything will be covered in the regular monthly meeting to follow.

3. Items for discussion

PVCC has changed policy and are now not giving waivers on free use of the room, in preparation, I (Ed) looked around. The library is free but can only book a few months in advance and you have to be out by 8:45 pm. Thought on using a hybrid of the library and PVCC but think that will be too confusing. I applied for this room at PVCC which would be

Albemarle Amateur Radio Club

\$100 an evening. The board can only approve up to \$500 so it will have to approved through general membership.

VE sessions will be held at the Northside library, because the sessions have fewer examinees each time. If it doesn't work we can move if needed.

ARRL Field Day cannot be held at the Earlysville volunteer fire company due to a major renovation and access will be blocked. Bob Romanko, AK4BR is working with the Albemarle County School system to use Broadus Elementary, one person has to approve the use of it overnight and there wouldn't be a charge for use.

AJ Miller, KE4AJM will check with the Elks Lodge to use their facilities near the Darden Towe park.

Dennis Terribile, WR4I will try to contact Claudius Crozet Park.

Put on your thinking caps about meeting locations and Field day use.

To summarize:

VE sessions will be held at North side Library and monthly club meetings will be held at PVCC for a \$100 fee each month.

Quarterly meeting ended at 1845 pm.
